Metal Ware has recalled nearly 5,400 NESCO coffee bean roasters due to a fire hazard. If you own one, first find an alternate way to make your morning cup. Then, read this.

This May Also Interest You: [Learn How to Install a Smoke Detector Safely](#)

In the April 21 recall, the [Consumer Product Safety Commission](#) reported that some NESCO coffee bean roasters could overheat, causing the plastic to melt or coffee beans to burn. Metal Ware has received 20 reports of incidents in which the roasters overheated, melted, smoked or caught fire; no injuries have been reported.

According to the Two Rivers, Wis.-based [distributor](#), this recall affects Model CR-04-13 roasters that have date codes 2520 or 3220. You can find the model number and date code printed on the label on the bottom of the roaster; it's also

Water Heater
